LOS ANGELES

HEADQUARTERS BUILDING: 2601 SOUTH FIGUEROA STREET, LOS ANGELES

MOTORIST visitors to America's Exposition will find in this sunny land perfect highways thoroughly signposted, charming scenery on every hand, innumerable beautiful places to see, and above all a refreshing spirit of hospitality.

Fully co-operating with the people of San Diego City and County toward making the world attraction of 1935 an outstanding success, the Automobile Club of Southern California placed at the disposal of the Exposition management its farflung facilities to the end that motor tourists from other states be extended every possible courtesy and shown such consideration that they shall desire to come again.

In addition to furnishing them complete maps and all necessary information anywhere in the United States and routing them to Southern California, the Club is concerned in their enjoyment and welfare while here. Members of other recognized clubs everywhere are especially welcome.

All visiting motorists are cordially invited to avail themselves of the helpful and important services provided for their benefit at any of the Club's thirty-four offices, including that conveniently located in San Diego.

These aids and courtesies include issuance of visitors' driving permits or California auto licenses; supplying excellent maps and reliable touring, hotel and resort information in this State or anywhere in the West; outing, fishing or hunting information and licenses; forwarding cars at actual cost to the Club in the event visitors elect to return home by rail, sea or air, with the Club Travel Bureau to serve them.

Let the Automobile Club of Southern California be your host in any of its offices!
